

Dear teachers and pupils,

Did you know we're 25 years old in July?

On the weekend of 8 and 9 July we're celebrating our birthday by having a BIG party and opening a brand new temporary digital arts exhibition called digiPlaySpace, which we know you are going to go bonkers for. We will also have party games, arts and crafts, VIP guests, a giant Transformer and much much more. We'd love your help to decorate and make Eureka! look extra special - inside and out!

We are going to hang bunting EVERYWHERE! and, we'd like you to design and make it. Every pennant received will be hung up somewhere!

Here's what to do...

1. Cut a piece of fabric or card to size (please use the template on the next page).
2. Decorate it on **both sides** with a picture that makes you think of Eureka! or birthdays or just a pattern: you can use paint, crayons or fabric – your choice; as long as it's bright and colourful, like Eureka!

You can do more than one if you'd like. Although make sure it is your BEST artwork.
You DON'T need to string them together, we'll do that.

3. Then either:
 - Post them to us **to arrive by June 23rd**. We'll let you know they're here with a thank you on social media.
 - Or we can come collect them from your school during **week beginning 19th June** and thank you on our social media.
 - Or you can bring it to us that week and we'll take your picture as you hand it over and share it on our social media.

Please state which you'd prefer when you email to take part.

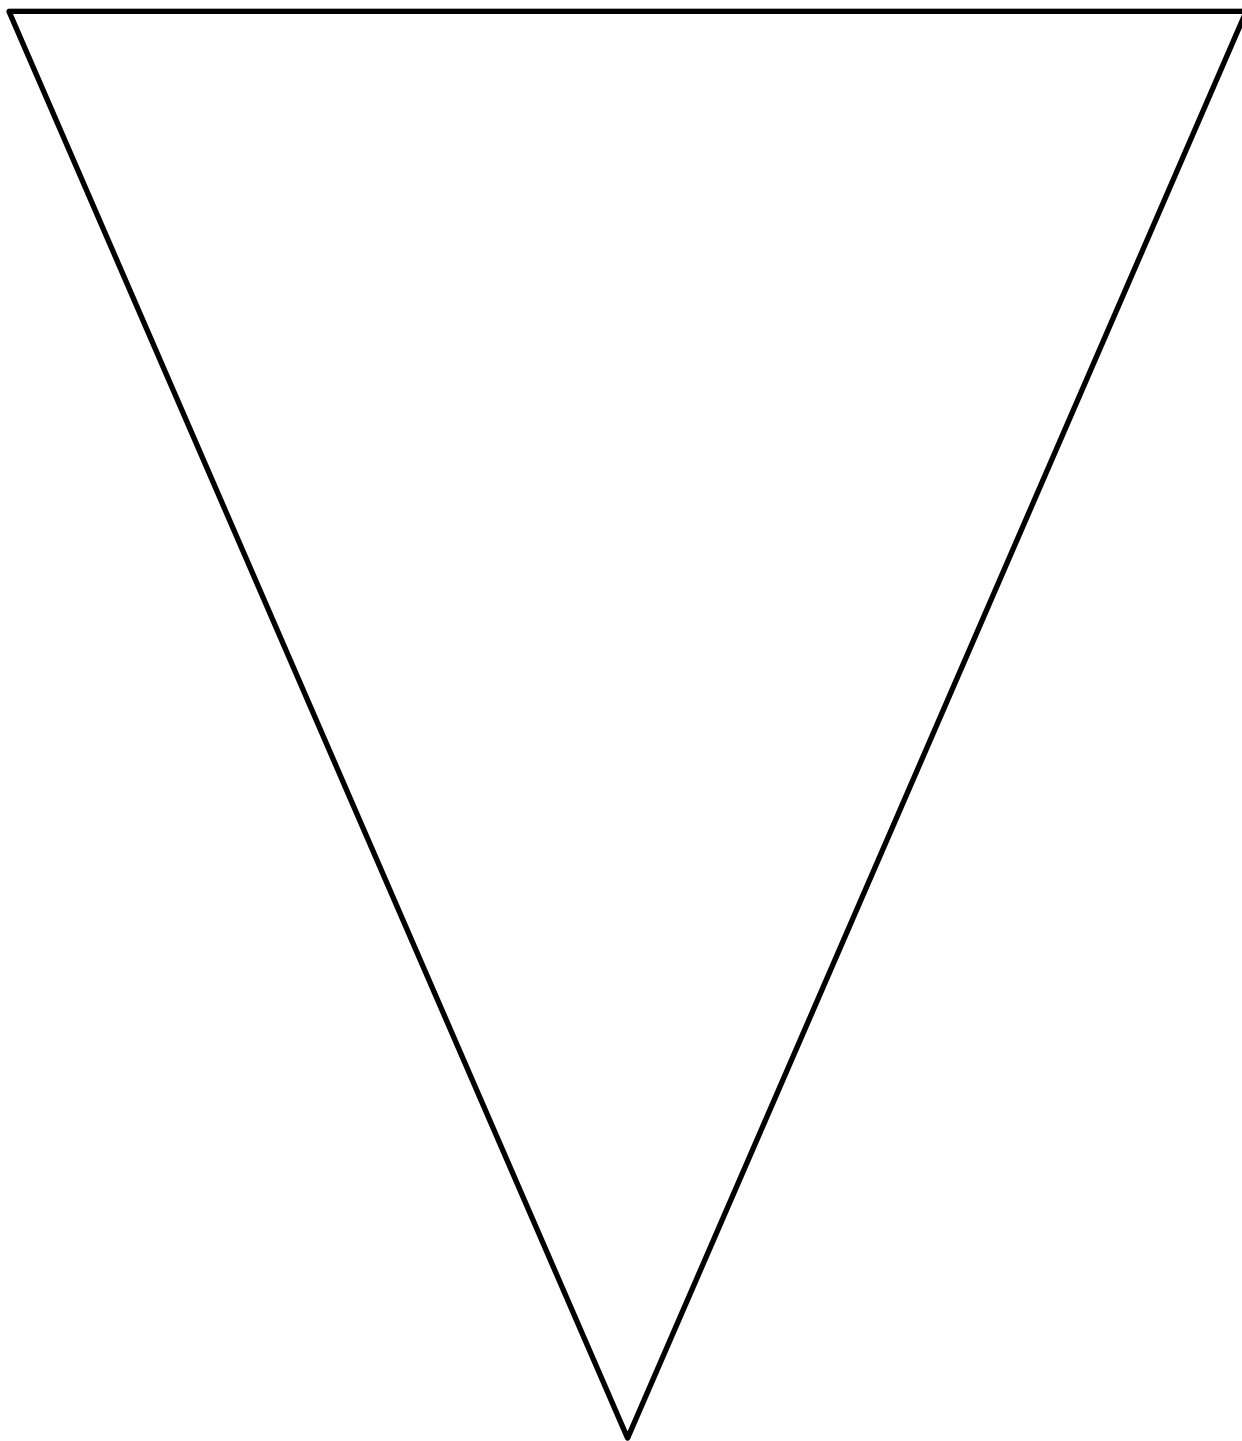

4. Then we'll attach them all to a piece of string and hang them up. So on our birthday weekend you can come down to our party and see your bunting proudly wafting in the sunshine...which we've specially ordered for the day.

***Every school that takes part will receive a family pass to give away as a prize.**

***AND we will choose a set of bunting that we like best and invite approx. 30 pupils (and their families) from that school to attend the ribbon cutting and press call for digiPlaySpace on Sunday 9 July, including free entry into the museum.**

If you are going to take part, please email ruth.saxton@eureka.org.uk so we can give you a shout out on social media and arrange a delivery/collection date.

Huuuuuge thanks. And GOOD LUCK! *The Eureka! team*

**Birthday Weekend
8 and 9 July 2017**
